

2018 - International Competitions and Assessments for Schools - Entry Form

The International Competitions and Assessments for Schools (ICAS) are held annually, covering a range of specific areas of study, including: Digital Technologies (formerly Computer Skills), Science, Spelling, Writing, English and Mathematics,. The competitions are run by the Education Assessment Australia through the University of New South Wales Educational Testing Centre and are now for Primary students from Years 2-7 (except Digital Technologies and Science - Years 3 -7). They provide opportunities for students to be assessed in an external testing situation and are also used to recognise and reward achievement. Students can enter any number of competitions, however entry fees must be lodged by the due date (see below).
